

Construction Litigation Associate – Melbourne, Australia

- Work with blue-chip and international clients
- Interesting and challenging work within a global network
- Be valued and grow your career

The role

An opportunity exists in our **highly regarded Construction team** for an experienced Associate or Senior Associate (4+ years PQE) to join the team.

In this role you work directly with Partners and clients across a range of jurisdictions on interesting and often complex matters. You will be encouraged to take the lead on matters as well as develop junior team members.

About you

We are seeking candidates who:

- have a genuine passion for construction litigation and arbitration
- have at least 3 years of litigation experience, most of which should be in construction
- are willing to learn and strive to be the best lawyer they can be
- are efficient and can demonstrate excellent time management
- understand that providing outstanding client service is paramount
- have an interest in business development, building a practice and mentoring junior lawyers

On offer

The successful candidate will join a reputable and thriving practice and work with a high performing and supportive team who view the broader success of the firm as paramount.

Along with an attractive salary package commensurate to your experience and expertise, you will be eligible for bonuses and entry into our global management and leadership programs.

HFW is a sector focused global law firm. We have over 500 lawyers working across Australia, Asia, Europe, Middle East and the Americas. We take a progressive approach to our roles in commercial business – thinking creatively and pragmatically to support our clients. We are dynamic, entrepreneurial and leaders in our specialist areas.

As one of the first international firms to establish an office in Australia in 2006, our Melbourne office opened with a foundation team of 13. Today we have 3 offices, with Sydney and Perth opening in 2009 and 2011 respectively, and our Australian team has grown to over 140.

Our specialist lawyers are sector focused and offer a comprehensive range of legal services to our clients in Aerospace, Commodities, Construction, Energy & Resources, Insurance & Reinsurance and Shipping.
