

ABOUT US

We work with clients around the world to help them develop their businesses, enhance their people and protect against risk.

We understand that being successful in an increasingly competitive market requires organisations to be collaborative, agile and innovative, supported by systems and processes that inform, enable and deliver strategic advantage.

We provide consulting services to a broad range of private and public companies around the world, from start-ups to several members of the Fortune 500 and organisations listed on the

stock exchanges in Sydney, Dubai, Frankfurt, Hong Kong, London and New York, as well as state-owned entities in the Middle East.

Our global team has more than 25 years' experience supporting clients across a range of industries and sectors.

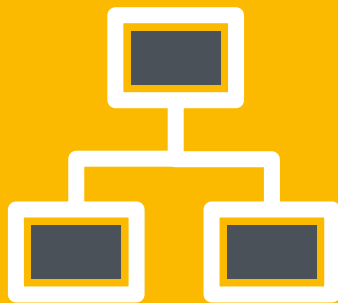

BUSINESS TRANSFORMATION

In a competitive market, organisation agility is key to achieving sustainable business results, remaining relevant and attracting talent.

In order to achieve sustainable business results, organisations need to ensure that systems, process and people are optimised and aligned to the strategy.

Some of the ways we are helping clients:

- Operational Process Analysis
- Skills Assessment and Development
- Business Strategy Alignment

EXECUTIVE COACHING

Coaching is a versatile & powerful change management tool, that provides outstanding results and are proven to maximise return on investment.

The role of in-house Legal teams are changing as the business demands a more diverse level of service. Coaching at Board, Team or Individual level is supporting this change.

Some of the ways we are helping clients:

- Individual Leadership Coaching
- Team Transformational Coaching
- Board Strategy Development

ORGANISATION EFFECTIVENESS

The foundation of any successful business is the alignment of business strategy, corporate culture and organisation operating model.

Organisations need to create compelling career journeys which enable both individual and organisational growth, supported by a culture which challenges, empowers and encourages.

Some of the ways we are helping clients:

- Role Profiling Analysis
- Value and Capability (Competency) Development
- Culture Analysis and Development
- Training Programme Design

SCENARIO BASED RISK ASSESSMENT

Real time scenario testing can save time, save money and save your organisations reputation.

The use of pre-emptive scenario based assessment enables current approaches to be tested in "real-time" providing an opportunity to review and develop processes and procedures to ensure they remain current and fit-for-purpose.

Some of the ways we are helping clients:

- Dawn-Raid Management Exercises
- Cyber Maturity Assessments
- Risk Management Education
